

Protect and Expand Contraceptive Access

Adams County Health Department

Protect and Expand Contraceptive Access

Funding will strengthen this single county program and work to establish new access points via mobile and telehealth services designed to ensure access to care for people experiencing significant barriers to care, including those facing mental illness, substance use disorders and homelessness.

Adams

\$75,000

Arapahoe County Public Health

Protect and Expand Contraceptive Access

Support will be provided to implement an electronic health records system to improve clinic billing/coding, workflow and patient satisfaction to increase access to contraceptive care in their Aurora and Englewood clinics.

Arapahoe

\$75,000

Clinica Colorado

Protect and Expand Contraceptive Access

Funding will support this community-trusted organization and will work to improve clinic workflows, such as effective Medicaid enrollment and better billing methods.

Adams, Arapahoe, Boulder, Denver, Jefferson, Weld

\$75,000

Colorado Coalition for the Homeless

Protect and Expand Contraceptive Access

Funding will support the adoption of clinical and administrative best practices specific to the contraceptive care needs of individuals experiencing or at risk of homelessness and those residing in public housing.

Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas, Jefferson

\$150,000

Community Health Services, Inc.

Protect and Expand Contraceptive Access

Funding will strengthen this program, with a new provider team and executive director, and support their efforts to expand services into community-based settings.

Eagle, Garfield, Pitkin, Rio Blanco

\$75,000

Doctors Care

Protect and Expand Contraceptive Access

Funding will support plans to improve their family planning services, including their electronic health records system, workflows, and staff training.

Adams, Arapahoe, Denver, Douglas, Jefferson

\$75,000

Kids First Health Care

Protect and Expand Contraceptive Access

Funding will strengthen their confidential and free contraceptive services to support the unique needs of young LGBTQ+ and refugee people that are a growing Kids First patient population.

Adams, Denver

\$150,000

Marillac Health

Protect and Expand Contraceptive Access

This funding will support improvements to their contraceptive services, such as staff training, workflow improvements and better data collection.

Mesa

\$150,000

Peak Vista Community Health Centers

Protect and Expand Contraceptive Access

This funding will support the implementation of a standardized pregnancy intention screening tool, increased staff and clinician training, and quality improvement projects.

Adams, Arapahoe, Cheyenne, Douglas, El Paso, Elbert, Fremont, Kit Carson, Lincoln, Park, Pueblo, Teller, Washington, Yuma

\$200,000

STRIDE Community Health Center

Protect and Expand Contraceptive Access

This funding will strengthen STRIDE's contraceptive care program across all clinic sites, meeting the unique needs of the communities they serve.

Adams, Arapahoe, Denver

\$200,000

Tepeyac Community Health Center

Protect and Expand Contraceptive Access

This funding will support Tepeyac's response to a growing patient population and their culturally sensitive contraceptive needs in a high-quality, dignified medical home.

Adams, Arapahoe, Denver, Jefferson

\$150,000

Valley-Wide Health Systems

Protect and Expand Contraceptive Access

Funding will support staff training and system-wide capacity building to increase access to family planning services, especially among adolescents and in Valley-Wide's smaller community health clinics.

Alamosa, Bent, Chaffee, Conejos, Costilla, Crowley, Fremont, Mineral, Otero, Rio Grande, Saguache

\$200,000
